Subject: [DKIM:INVALID] P/2020/0051 COU to visitor and interpretation centre at Brymbo Heritage Centre, Brymbo - HIA Required and Consult Cadw

Dear Sir or Madam

Thank you for the consultation on the proposed development at this location.

The development is partly located within the scheduled monument boundary and also impacts listed buildings including the Agents House. In addition there is an unknown potential for sub-surface archaeology related to the various stages of use of the site as an iron foundry and later steelworks. Cadw will need to be consulted on this application due to the potential impact on designated archaeological sites.

The application does not include a Heritage Impact Assessment Heritage Statement and this will be key to understanding the changes that are proposed and any mitigation that may be required. Cadw will require this and we will also need to understand the implications of the scheme via these documents. At the present time then we do not have enough information to make any appropriate recommendations.

We understand that an archaeological assessment by Ross Cook of Archaeodorus has been commissioned and completed. It would be useful to see this report, but we will also need to see a formal HIA and Heritage Impact Statement accompanying the report.

Kind regards

Mark Walters
