

Appendix I - Examples of Glamping Site Policies

General

We ask all users of our site to comply with our policy. If you or your party do not comply with the policy we may prohibit future use of the site and/or ask you to leave the site.

Please consider other users of the site and we ask that all members of your party conduct themselves at all times with due regard to the health and safety of themselves and others.

Pets

Where pets are accepted, they must be kept under control at all times and are not allowed loose on site and are kept on a lead no longer than 2 metres. Owners are responsible for clearing up any areas fouled by their pets on site and if your pet causes disturbance to others, you will be asked to remove it from site. Please note that we do not allow any breed of dog listed under the Dangerous Dogs Act 1991 on site.

Parking

Only one car per safari tent will be permitted to enter the site.

The Experience

It is important for Customers to respect and protect the site by working in harmony with neighbours, the local community, the environment and by observing and respecting each other's privacy.

It is the responsibility of parents and guardians to ensure children are supervised at all times, whilst on site.

For safety reasons the flying of model aircraft, drones and kites is prohibited.

Noise must be kept to a reasonable level at all times so as not to disturb the enjoyment of others.

All cycles should have appropriate lighting if used at a time when it should be required.
