Subject: S085536/3 - ISSUED AMENDED LICENCE - Badgers at Elm Point, Wrexham

Dear Tom and Mike,

Please find attached an electronic copy of your licence regarding the above, which has now been authorised. Please note that you will not receive a paper copy therefore please print this out for your records.

Please ensure you adhere strictly to the conditions of the licence. The licence is binding until all conditions have been fulfilled.

If your licence is issued under the Conservation of Habitat and Species Regulations 2017, it is important to note that: **"It is an offence for the holder of a licence to contravene or fail to comply with any condition attached to the licence."** The maximum penalty available for an offence under the Regulations is a level 5 fine (£5000) and/or a six-month custodial sentence. **Some of the listed conditions will require information to be submitted to us by certain dates, please make sure that you read and adhere to all the conditions listed on the licence.**

REPORTING AND RENEWALS

Please note that the submission of a written report within **four weeks of the licence's expiry date** is one of the conditions of your licence.

The **Species survey licence – Reporting and renewal form** can be used to reporting and/or renewing you can download this from the NRW website at:

<https://naturalresources.wales/permits-and-permissions/protected-species-licensing/?lang=en>

The report should detail your work carried out under this licence. Report forms can be sent electronically to specieslicence@naturalresourceswales.gov.uk.

As part of NRW's on-going service improvements to allow you to plan for the expiry of your current licence, we would like to point out the following key points:

- Renewal applications can be made **6 weeks** prior to the expiry of your current licence.
- When submitting a report early with your renewal application, any records generated under your existing licence can be included in your report for the next licence. Simply indicate the old licence number under which the work was done.

Kind Regards

Amy Goddard

Swyddog Technegol Cefnogaeth Trwyddedu / Permitting Technical Support Officer
