P'nawn da Philip,

Thank you for your consultation email.

I am in the process of reviewing the above mentioned consultation, however, in the DAS it mentions two technical reports:

- Review of Drainage Measures (ref K0871/pw)
- Habitat Management and Maintenance Plan (ref 2019-017 v.1.)

These have not been uploaded to the documents relating to the case on your website, are you able to send me a copy?

Kind regards,

Siôn M. Williams
