Good Morning Sharon,

Further to the tree officers comments, please see the below email from Welsh-Wood Arboricultural Consultancy. The supervision will be undertaken by Natalie Brewin, senior consultant of Welsh-Wood.

As well as weekly supervisory visits further details are included on the attached appendix, from the AMS.

Please let me know if you require any further information in order to discharge Condition 14.

Kind Regards

Rachel Taylor

Subject: Re: P/2019/0765 Nant Silyn, Wrexham

Hi Rachel,

Thanks for your email and apologies for the delay, I have been away from work for a couple of days.

I am happy with this and can confirm the formatting of data presentation for any supervisory visits to site.

As per section 2.8.3 of the AMS *'On completion of each inspection a brief report with photographic evidence of the findings will be submitted to the Local Planning Authority via email and within 24 hours of the visit. If any unauthorised works are noted the LPA will be advised immediately by telephone.'*

The report will be a brief written document in Word commenting on the reason for the visit, the extent of my assessment and my findings, inclusive of photos, and converted to PDF.

I hope that this is satisfactory however if you need any more information please let me know.

With regard the timing of the visits, with the exception of the weekly supervisory visits recommended the remainder of the works will need to be arranged with the developer. Please all be advised that my availability for any site visits or supervisory activities is: **Monday, Tuesday and Thursday between 9.30am and 2.30pm only**. I will make provision for the full days required for supervising the hand digging once this has been scheduled.

Many thanks, Natalie
