FAO Sharon Holman

Dear Sharon,

**BWRIAD / PROPOSAL: CONVERSION OF FORMER CHAPEL INTO 2 BED HOUSE
TOGETHER WITH EXTENSION TO FORM UTILITY ROOM AND NEW ACCESS
ARRANGEMENTS
LLEOLIAD / LOCATION: CAPEL SION PONTFADOG LLANGOLLEN WREXHAM**

Thank you for consulting Natural Resources Wales (NRW) about the above, which was received on 14/11/2019.

We have significant concerns with the proposed development as submitted. We recommend you should only grant planning permission if you include the following documents within the condition identifying approved plans and documents on the decision notice:

- Bat Survey with Mitigation Plan, Sion Chapel, Pontfadog, Gerald Longley Ecological Consultants, 11th September 2019.

Protected Species

We note that the bat report submitted in support of the above application (Bat Survey with Mitigation Plan, Sion Chapel, Pontfadog, Gerald Longley Ecological Consultants, 11th September 2019) has identified that bats are present at the application site. From the information submitted, we consider that the proposed development represents a lower risk for bats, as defined in our guidance document '*Natural Resources Wales Approach to Bats and Planning (2015)*'. Bats and their breeding and resting places are protected under the Conservation of Habitats and Species Regulations 2017.

As this is a lower risk case for bats, we consider that the development is not likely to be detrimental to the maintenance of the population of the species concerned at a favourable conservation status in its natural range.

Furthermore, we advise that the proposed development is not likely to harm or disturb the bats or their breeding sites and resting places at this site, provided the avoidance measures described in the bat report are implemented.

The report must be included in the 'approved list of plans / documents' condition within the decision notice should consent for the project be granted.

Please consult us again if any further information shows that this is no longer a lower risk case.

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests, including environmental interests of local importance.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

Advice to Developer

Pollution Prevention

All works at the site must be carried out in accordance with PPG6: 'Working at construction and demolition sites' which are available on the following website:
<http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

Waste produced during construction

Waste produced during the construction phase of your development must be dealt with appropriately and be in line with all relevant waste legislation including Duty of Care Regulations and Hazardous Waste Regulations. As part of your waste duty of care you must classify the waste produced:

- before it is collected, disposed of or recovered
- to identify the controls that apply to the movement of the waste
- to complete waste documents and records
- to identify suitably authorised waste management options
- to prevent harm to people and the environment.

Any waste removed from site will be subject to waste management controls. The links below provide information on how to classify waste and register as a waste carrier or hazardous waste producer:

<https://naturalresources.wales/permits-and-permissions/waste/?lang=en>

<https://naturalresources.wales/permits-and-permissions/waste/waste-permits/?lang=en>

Further guidance can be found on the GOV website here:

<https://www.gov.uk/managing-your-waste-an-overview/duty-of-care>

Yn gywir / Yours sincerely,

Daniel Davies
