What kind of representation are you making?

- ☐ Final Comments
- ☐ Proof of Evidence
- ☐ Statement
- ☐ Statement of Common Ground
- ☐ Written Statement of Evidence
- ☒ Interested Party/Person Correspondence

☐ Other

#### **YOUR COMMENTS ON THE CASE**

I have been living in Chirk for over 13 years, my wife has lived in chirk all of her life. Whilst we recognise that the Kronospan facility existed when we purchased our property in Chirk we did not envisage the expansion and scale that this facility has now occupied. We have seen over the last 3-4 years a severe degradation in the environment at chirk, regular odours (timber smell), regular contamination on my vehicle (of which similar instances are available on various social media forums etc), constant noise which is more evident in the evening. More importantly for me is the safety and health of my children, the road traffic has increased with constant GHV's failing to adhere to the speed limits.

The offset provided by Kronospan is employment however this is not for local people, the number foreign nationals employed at Kronospan has increased with the workers housed in various accommodation blocks and hotels. None of these pay any local tax. This organisation constantly bypass's all local planning rules and there are never any consequences for this and the frequent environmental issues they cause.

I do NOT support there planning application.
