P/2019/0827 – HILLSIDE FARM, THE WERN, MINERA CONDITION 5

The report which has been submitted for the discharge of Condition 5 is the Remediation Strategy. As per my Memo dated 09 September 2019 the Remediation Strategy was sufficient.

A validation report detailing the completion of the remediation works to an agreed satisfactory standard is required to discharge Condition 5. As per my Memo dated 14 October 2019 the letter report for validation of the remediation works prepared by Smith Grant LLP dated 07 October 2019 was reviewed and further validation was still required.

A handwritten signature in black ink, appearing to read 'A. Guy'.
