SCALE BAR

NEW / REPLACEMENT WINDOWS

New windows to No. 3 Laurel Grove to comprise slim profile sealed double glazed units in white paint finished treated softwood frames, with hardwood sills. New window openings to have sandstone sills to match the existing.

Glazing bars to be solid, integral to from and not 'plant-on'. Trickle vents omitted in accordance with conservation officer's comments.

U-value to be 1.6w/m2K.

Windows to include locking ironmongery.

To full perimeter internally and externally include colour match silicon sealant.

Construction (Design & Management) Regulations 2015

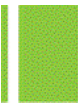

Design risk assessments are carried out throughout the design stage of this project in accordance with company procedures and manuals. Where reasonably possible all areas of risk applicable to design and end use of the construction have been identified and then eliminated, mitigated or recorded as a residual risk.

Note that general risks of which a competent designer or contractor should be aware are not included. This drawing is to be read in conjunction with the Pre Construction Information and all related documents prepared in accordance with the current Construction (Design and Management) Regulations 2015 and all applicable Health and Safety legislation as currently amended.

P4	Style of window DGW_05 updated and sills included below windows	15.05.19
P3	Sill of window DGW_06 raised and height reduced	29.04.19
P2	Reference numbers included on drawing	08.04.19
