Phil

Maybe permit 2 students at the property at any one time if it is only occasionally. Parking is not ideal at the property. However, students would hopefully be dropped off rather than remain outside property on road.

Do you require a revised response?

Phil,

With regards the above, the applicant states that her and her husband both carry out tuition at the property. Her at all business hours with her husband doing limited additional hours. This might mean that there could be instances when there are more than one student at the property.

Would this change your overall opinion of the scheme? It is unlikely that they would be two students on site at all times but could be a possibility.

This needs to go to Planning Committee so I'm clarifying matters now.

Thanks

Phil
