

FAO Philip Forster

19/08/2019

Dear Philip,

BWRIAD / PROPOSAL: APPLICATION FOR PRIOR NOTIFICATION OF PROPOSED FORESTRY BUILDING FOR USE AS WORKSHOP, SHELTER AND STORAGE FOR TIMBER PRODUCTS AND EQUIPMENT IN CONNECTION WITH WOODLAND / ESTATE MANAGEMENT WORKS

LLEOLIAD / LOCATION: Pandy Outcrop, Coed Craig, Y Pandy, Pandy, Wrexham

Thank you for consulting Natural Resources Wales (NRW) about the above, which was received on 30/07/2019.

NRW has no objection to the proposal, however we would provide the following comments:

Protected Sites

The proposal is within the Pandy Quarries SSSI. NRW have no concerns over the proposed building and its location in relation to the impact upon the SSSI. We note that on the Location Plan tracks have been shown. Since there is no reference to tracks in the description on the application form our comments relate to the proposed workshop building only.

Please do not hesitate to contact us if you require further information or clarification on any of the above.

Our comments above only relate specifically to matters that are listed in our 'Consultation Topics' document (September 2018) which is published on our website: (<https://cdn.naturalresources.wales/media/686847/dpas-consultation-topics-august-2018-eng.pdf?mode=pad&rnd=131819256840000000>). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests, including environmental interests of local importance

Advice to Developer

Pollution Prevention

All works at the site must be carried out in accordance with PPG6: 'Working at construction and demolition sites' which are available on the following website: <http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

Waste produced during construction

Waste produced during the construction phase of your development must be dealt with appropriately and be in line with all relevant waste legislation including Duty of Care Regulations and Hazardous Waste Regulations. As part of your waste duty of care you must classify the waste produced:

- before it is collected, disposed of or recovered
- to identify the controls that apply to the movement of the waste
- to complete waste documents and records
- to identify suitably authorised waste management options
- to prevent harm to people and the environment.

Any waste removed from site will be subject to waste management controls. The links below provide information on how to classify waste and register as a waste carrier or hazardous waste producer:

<https://naturalresources.wales/permits-and-permissions/waste/?lang=en>

<https://naturalresources.wales/permits-and-permissions/waste/waste-permits/?lang=en>

Further guidance can be found on the GOV website here:

<https://www.gov.uk/managing-your-waste-an-overview/duty-of-care>

The applicant should be advised that, in addition to planning permission, it is their responsibility to ensure that they secure all other permits/consents relevant to their development.

Yn gywir / Yours sincerely,

Daniel Davies
