Jon

There is a public footpath running directly through the site of the above planning application as shown by a black dashed line on the attached pdf.

The public footpath needs to be kept open at all times. However, if the applicant wishes to close it whilst they work on the tree they will need to apply for a temporary traffic regulation order.

If a temporary traffic regulation order is required they will need to contact the Public Rights of Way section well in advance so this can be arranged. 3 week's notice will be needed for a 5 day closure. There will be a charge for this service. My contact details are below.

Kind regards

Nicola Holmwood
