Philip

Both Public Footpaths Cefn 27 and Cefn 72 run close to where the retaining walls are to be replaced (see the attached pdf). If the surface of the public footpaths are damaged during construction by the applicant then they will need to be reinstated after construction to the satisfaction of the council.

If the applicant thinks that a closure of the nearby footpath may be needed during construction he will need to contact the Public Rights of Way Section to apply for a Traffic Regulation Order (TRO). There will be a charge for a TRO.
