Case : P/2019/0188, F, SEH, Property : REAR OF EXISTING STOCK SHED, ADJACENT TO SCHOOL LODGE, RHOSYMADOC, LL14 6LW

This retrospective planning application for a caravan sited at School lodge reflects an astonishing lack of respect for a Grade I site on The Cadw/ICOMOS Register of Parks and Gardens of Special Historic Interest in Wales.

I am not sure when the change of use was applied to this part of the Wynnstay Estate since we were not consulted.

School Lodge is described as a component of the Grade I Wynnstay estate in the Register and is listed in its own right, The large agricultural shed and caravan are not suitable features added to the most significant Capability Brown landscape in Wales.

We have not seen a planning application for change of use for the site, or for the huge stock shed and this retrospective planning application for caravan accommodation is also unsuitable. This development has an industrial and residential impact on a Grade I site.

The Historic Environment (*Wales*) Act 2016 should mean that the importance of protecting Welsh heritage for tomorrow would be a major planning consideration for all listed Grade I sites.

The Welsh Historic Gardens Trust objects to the continued development creep concerning the Wynnstay designed landscape and to this retrospective planning application.

Yours sincerely

Glynis Shaw (WHGT)
