Please use the Enquiry Reference number for any future correspondence in relation to this matter.

The information provided above is based on the most current information held by this department.

Where the type of dwelling is unknown it has been assumed that they will be 4+ bedroom type dwellings. This will allow an indication of the contribution required and can be recalculated when more detailed information becomes available.

The decision made is assessed in relation to other planning applications already consulted on, or developments under construction that have an incremental affect on the number of pupils anticipated.
