Dear Sirs/Madam

I am writing in connection with the Section 78 Appeal at the above property.

My earlier email dated 10th December 2019 to Planning comments refers.

I object to the Application because of limited visibility at the point of access from the private driveway onto Wynnstay Lane.

I am particularly concerned about the confluence of the private driveway serving 2 existing dwellings with 3 further dwellings that access/egress Wynnstay Lane at the same point of access to the private driveway on a very sharp bend without adequate visibility in any direction and therefore compromising highway safety.

Yours sincerely,
Ronald Smith
