Hi Sharon,

I have spoken to Denise today she is meeting highways on Monday so hopefully we might get somewhere as soon as I know anything I will get in touch with you . Its frustrating we have missed the march deadline so we will have to go for the April planning cycle.

Good morning Annie,

I hope all is well.

I have spoken with Denise who has advised me that she has not yet been to site with the highway officer, but aims to do that during the course of this week. I was unable therefore to report the application to the March Planning committee.

Are you happy to extend the statutory deadline date for the determination of the application further until Friday 12 April 2019 which will take account of the next available planning committee cycle?

Kind regards
Sharon
