Subject: RE: P/2018/0063 and 64 - Tudor Drive

Hi Sharon,

Thank you for the recent consultation on the discharge of condition. I have reviewed the submitted information in relation to the discharge of the surface water element of condition 6 (P/2018/0063) and condition 13 (P/2018/0064).

In principle the proposed scheme would appear acceptable but additional information is required with regards to parts ii & iii regarding future maintenance and management of the scheme and how this will be secured over the lifetime of the development.

This information is required prior to being able to recommend discharge of the condition.

Many thanks

Neil

Hi Neil,

Any concerns with the proposed drainage scheme?

Thanks
Sharon
