Hi Sharon

I'm really sorry – I should have copied you in on this.

I've heard nothing back from Dafydd since.

Regards

Sean

Dafydd

Further to our telephone conversation, please find attached an extract from the catalogue of the supplier we purchase our gates from - the Marlow Gate is British Standard compliant.

Please note that structures are usually only authorised where there is livestock involved. As the stile at the roadside is likely to have been in situ for a considerable number of years, replacement with a pedestrian gate should not be a problem. Similarly as there may be livestock in the retained paddock area to the east of the proposed development a gate could be authorised at this boundary also.

If you have any queries relating to this matter, please let me know.

Regards

Sean Hanratty
