Dear Matthew Phillips

Please find attached our response to the above application.

Just to clarify that we have amended our response in light of the additional information. However, we are now requesting a different requirement to clarify/update the Manure Management Plan.

We are not satisfied with the submission in terms of Great Crested Newts, therefore, our requirement and conditions remain. Our Species Officer has been in contact with Kate Thorne and Emma Broad with a view to meet in the New Year to discuss what we require.

With regards to the FCA, it seems that it is the same version of the FCA that we previously have seen and with that in mind our comments remain the same for that aspect.

If you have any queries please do not hesitate to contact me.

Kind Regards,

Sion Williams
