Marlow Gate - 1 Way

Extra strong hinge system to combat vandalism. Heavy Duty galvanised mesh gate with integral H-Frame posts, self closing gate system and auto latch.

H-Frame system provides permanent alignment of latch and gate and is also simple to install. Heavy duty gate makes it suitable in areas of heavy usage. Self closing gate system and auto latch ensures that the gate is stockproof in both directions.

Opposite handed gates are available, made to order for an additional **£15.00**.

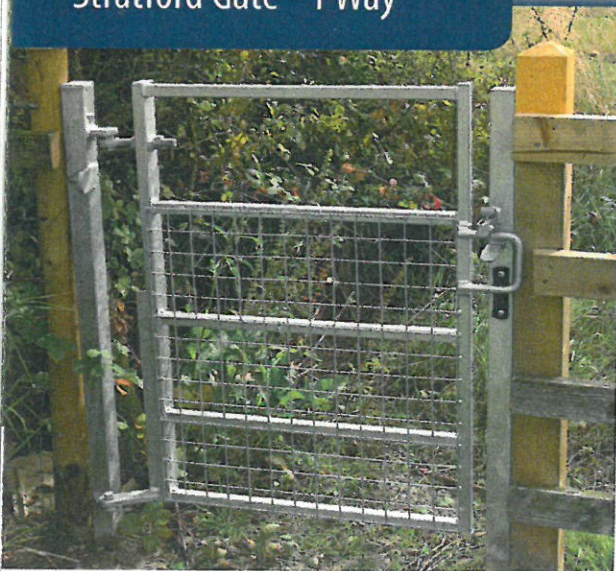

1.0 m - Height 1.0m-1.1m, width post to post 1.3m, gate leaf 1.0m

CODE	DESCRIPTION	PRICE
LE F010 2002 01	Galvanised only	£125.00
LE F010 3002 01	Galv + PPC	£171.00

1.2m - Height 1.0m-1.1m, width post to post 1.5m, gate leaf 1.2m

CODE	DESCRIPTION	PRICE
LE F010 2002 02	Galvanised only	£139.00
LE F010 3002 02	Galv + PPC	£174.00

Stratford Gate - 1 Way

Galvanised steel meshed gate integral H-Frame posts, self closing gate system, integral gate stop and auto catch.

Designed as a narrow and lightweight gate, the Stratford provides good access for pedestrians but not for large mobility vehicles. The narrow width deters horse riders. The H-Frame construction makes installation simple and gives permanent alignment to the gate. The design is appropriate where space is at a premium or an economic solution is required.

Opposite handed gates are available, made to order for an additional **£15.00**.

Height 1.0m -1.1m, width post to post 0.95m, gate leaf 0.7m

CODE	DESCRIPTION	PRICE
LE F010 2002 31	Galvanised only	£108.00
LE F010 3002 31	Galv + PPC	£148.00
