Subject: Mulsford Farm Poultry

Hi Matthew

I've had a look at the Air Quality report for the above (P/2017/0799) in the document entitled:

D J Huxley Farms
Planning application for an
intensive poultry installation at
Land at Mulsford Farm, Sarn,
Malpas, Wrexham
Environmental Statement
September 2017

The findings of the Air Quality section are accepted. The applicant is correct in their statement NRW will regulate the site where the resultant permit will provide environmental safeguards including for applicable emissions.

Regards
