Mathew

Following on from my email of the 29th March, ahead of formal submission Barry Hellen has continued to consult me regarding the discharge of Condition 4 (the site investigation and remediation scheme). I have attached further documents that he has provided. I can advise that these are sufficient and am aware that he will soon be applying for discharge of the condition.

I have provided some advice with regard to the verification requirements for Condition 5 but have received no information with regard to the discharge of that condition (please note the form attached regarding imported materials just clarifies that they intend to import topsoil as I queried this, it is not being utilised as a verification document).

Regards Angela

Ms Angela Guy
