Sharon

I spoke to Nick Minshall this morning with regards to odour control for the Food courts within Wrexham Arts Centre.

Attached is an extract from our M&E specification requiring UV filtration to be incorporated within the extract canopy and manufacturer's literature on the proposed UV filter.

As we have not started on site and the main contractor has not appointed his M&E subcontractors, actual manufacturers of equipment may change.

Please let me know if this information is sufficient.

Sarah

The information issued to date did not include the odour control measures – sorry for this omission.

Attached is an extract from the Mechanical & Electrical specification detailing the requirements for the extract canopy.

Please advise if this is sufficient or whether you require further details?

Dear Jan Enerson,

I cannot find any proposed odour control measures?

Please could you advise where these can be found?

Thank you
Sharon

Hello Sharon

Further to our telephone conversation this morning, I confirm that the documentation/plans submitted re the above application do not contain details of the odour control measure required to satisfy the Planning Permission Condition 4 (at least not that I can see).
