Planning Inspectorate ref H6955/A/17/3173915

I would like to make a further objection to the proposal to build 47 houses in this location on the junction of Darland Lane and Gamford Lane.

My principle reason for objection is that these two lanes are narrow (particularly Gamford Lane). There are several areas where two cars are unable to pass and there is no footpath on Gamford lane at all. A development of this size would lead to increased traffic and potential danger to road users and pedestrians. Additionally the entrance to/ exit from the development is on a corner where the two lanes meet.

Please would you acknowledge that you have received this email.

Many thanks
