Subject: H6955/A/16/3161155 p/2016/0225 Land west of Bryn Offa, Fennant Road, Ponciau, Wrexham
Date: 05 December 2016 18:19:54

I,am very concerned about the proposed traveller pitch for Fennant Road Ponciau Wrexham.

I live right opesite the land.

The road is a 20pmh but the advange speed of the road is 60mph, the road is like a race rack, there are no pavements, the road is very narrow with lots of bends and also never policed the road is out of control.

Health and safety is ignored here everyday it's so scary to hear cars pasting that fast and driving so yelling at one another.

Myself and family struggle to cross the road on a Dailey bases as it is without been almost knocked over, I have been clipped by cars many a time and ended up in A&E several times., I also know the local post man has been too on many occasions and was hospitalised with very serious injuries,

The land of which they want to site on is at the bottom of residents gardens, close to a stream where great crested newts have been found.

The land also runs alng offers dyke which is historical land, I'm sure people visiting not want to see a travellers site here.

Residents do not want a travellers site right on their doorstep,

Also livestock have had to be moved due to the field being like a swomp.

The local police have already said that they will not be policing the traveller site due to staff shortages.

I don't want to be in fear of living in my own home with a travellers site on my door step.

I don't want to be worrying about my house and car everyday with a travellers site on my door step.

I work in public services in England myself this would never ever happen in England so why should it be aloud to happen in Wales in the middle of a residential surrounding.

This is very unfair on myself and all the residents of Fennant road why would we have to live in fear in our own homes.
