Dear sir/madam

We wish to make a formal complaint against Kronospan of Chirk.

We have lived at this address since June 2000 and during this time the noise from the factory has become progressively worse particularly late at night and early mornings. This happens quite regularly although not every single night, but we have had many sleepless nights because of this noise.

It is very noisy during the daytime also but more noticeable in the summertime when we like to spend time in our garden. There is a continual loud drone and clonking and bleeping noises. We also have vibrating inside the house. Then there is the dust to contend with, we have to keep all windows and doors shut.

The Kronospan situation has to be addressed as soon as possible and the site should not be allowed to grow any bigger. It is not fair to the people of Chirk who pay their taxes and just want a normal peaceful life.

Yours sincerely

John and Vivien Plant
