The applicant has not submitted any noise assessment. Developments of this nature have the potential to cause noise disturbance at nearby sensitive receptors. The applicant should be required to demonstrate that they have assessed the noise impacts and taken appropriate steps to mitigate if required.

郑05 - NOISE GENERATION - BS4142 REQUIRED

The rating level of any noise generated by reason of this development shall not exceed the pre-existing background level by more than 5dB(A) at any time. The noise levels shall be determined at nearby noise sensitive premises, and measurements and assessment shall be made in accordance with BS4142:2014 Methods for rating and assessing industrial and commercial sound.
