Dear Sir/Madam

RE: Planning Application P/2015/0225

Development of land for a gypsy caravan park on the field at the side of The Bungalow, Old Black Park Road, Halton, Chirk, Wrexham

Welsh Government ref/H6955/A/17/3166718

We wish to make you aware of a number of strong objections that we have with regard to the proposed development of 7 static caravans on open space to the side of The Bungalow, Old Black Park Road, Halton, Chirk, Wrexham, application number referenced above. As neighbours to the site of the proposed development, we are of the view that the proposed development will have a serious impact on our standard of living. We believe that the proposal would be entirely out of the character of the area. The scale and design of the development will be entirely out of keeping with this lovely quiet area.

We are hardworking people who live in this beautiful quiet area of the North Wales countryside and would like to keep it that way. To go to the village you have to walk past this site or drive past it so would have to see it near enough every day. Travellers are known to keep dogs and my wife is frightened of dogs after being bitten, therefore it would put a stop to our country walks on this route.

We have lovely walks where we live and lovely open fields, virtually no crime at all and we feel it is a safe place for our grandchildren to live.

The travellers need a much bigger site than this small field as they all seem to have vans and pick up trucks. With 7 static caravans, vans and pick up trucks this site would be overcrowded straight away. Therefore we would appreciate if you would take our desperate concerns regarding this site into consideration.

Yours truly

Mr & Mrs R Roberts
