Mared

There would be an impact on Alexandra School which would take the capacity just into the negative figure. However as the scheme is so small I have copied Paula Parry in as I would seek her confirmation as to whether or not she would want to call this one in. There are no capacity issues at the secondary school

No of dwellings 4+ bedrooms: x 2400 = £

Total Secondary Contribution £

TOTAL CONTRIBUTION DUE £

Please use the Enquiry Reference number for any future correspondence in relation to this matter.

The information provided above is based on the most current information held by this department.

Where the type of dwelling is unknown it has been assumed that they will be 4+ bedroom type dwellings. This will allow an indication of the contribution required and can be recalculated when more detailed information becomes available.

The decision made is assessed in relation to other planning applications already consulted on, or developments under construction that have an incremental affect on the number of pupils anticipated.
