Planning reference: P 2015 0225

Dear Sir/Madam,

I am emailing you to give my reasons AGAINST the above planning application for the LAND WEST OF AND ADJACENT TO THE BUNGALOW, OLD BLACK PARK ROAD, HALTON, CHIRK, WREXHAM.

I have lived in Black Park all of my life. I have Grandparents, a Brother, Auntie and Uncles and Cousins who also live in Black Park and an Uncle who lives down the Green Lane and in laws who live less than 100 metres down from the actual site in question, at Woodside Cottages.
My parents also own a house in Black Park which they rent out.

Black Park and the surrounding closeby areas have been a lovely safe little area for years and years and everyone around here is very friendly and family orientated, even if we are not related. We are all very proud of this and more importantly of the fact that there used to be a working mine here which several of my relatives including Grandfathers and Great Uncles used to work in.
We want to keep our community a place to be proud of and remember it forever as a lovely, quiet, safe, meaningful and memorable place where we were brought up and raised our own children. I would like to think my children will also rear their own one day with many tales of how lovely their memories are of this area.

I, as well as the rest of my family will always appeal against the planning of a residential traveller site in our community. It will never fit in with our community. We would no longer be able to recognise our community if it went ahead. Our area will be known as 'The housing estate by the traveller site' not 'where the miners used to live when the mines were working'. It should always be known as this because we are proud of it.
Many people's hearts around here would ache if this planning went ahead because it would destroy our heritage. The heart and soul of our area would be gone forever.

At the moment people WANT to live in Black Park because it is well known, as such a lovely, quiet and safe area with history.
People can sell their houses here because of the same reason.
Who will want to live here if a traveller site is just around the corner? Nobody.
Who will want to buy a house around here knowing there is a traveller site just around the corner? Nobody.
Who will be able to sell their house because they no longer want to live here? I feel sad to say the answer to that question is most likely the same.

On behalf of myself and my family, we are 100% AGAINST the planning of this residential traveller site.

Yours faithfully,

Miss Jennifer Roberts
