Hi Doug

Thanks for meeting me yesterday morning. I can confirm that the membrane specification is satisfactory and will forward this email and a copy of the information provided to Phil too. At this stage I can advise Phil that the requirements of condition 6 have been met, but until full verification details (including site inspections of installed membranes) is complete I cannot advise discharge of condition 7.

Should you have any queries please don't hesitate to contact me.

Regards Angela

Hi Angela

Please see attached details for the Radon Barrier as requested.

Assuming this info is acceptable, we would be very grateful if you could confirm that you are satisfied with the proposals to Phil Forster as well please so that we can request discharge of the planning conditions 6 & 7? Planning Ref: P_2016_0198

Thanks for your time this morning. It was good to meet up.

Kind Regards

Doug
