I am writing as I could not find the relevant area to "make comment" on the appeal for this planning application

I am a resident of Fern Close, (13 years) which borders Bedwell Lane – in fact my house and garden overlook the lane.

I strongly oppose this application and have done so from the onset.

The lane is very small and has a narrow bridge over a brook.

We are already the sufferers of the disgusting smell and huge amount of disease carrying flies from Cluttons' abattoir

On a hot day the smell and flies cause residents of Fern and Greenfield close to keep their windows closed and spoil any outdoor recreation.

I do not feel that environmentally this application is anything but detrimental to the residents wellbeing

I do not feel that the initial application shows that the development will create a reasonable number of jobs for the size of the site

I also feel that the top road will not be able to cope with the larger number of bigger vehicles turning off the main A525 into the site and there is not a suitable alternative

3 strong reasons to oppose this application

Please confirm receipt of this objection as I was not able to place it online.

Many thanks
