Blow Moulding Building

Management Plan for Controlling Potential Sources of Noise and Site Management Scheme to Regulate Operational Activities

Planning Permission Code Number: MIN P/2014/0410 & P/2015/0377

Condition 8: "Before the building becomes operational for the first time, details of a management plan to consider proposed outdoor working practices in relation to the controlling potential sources of noise and disturbance for the hours outside 7:30 and 18:00 Monday to Friday, and 08:00 to 14:00 on a Saturday, as identified by an area of hatching on the approved plans, shall be submitted to and approved in writing by the Local Planning Authority. The plan as subsequently approved in connection with this condition shall be fully implemented at the site in accordance with an agreed timetable to be submitted as part of the plan."

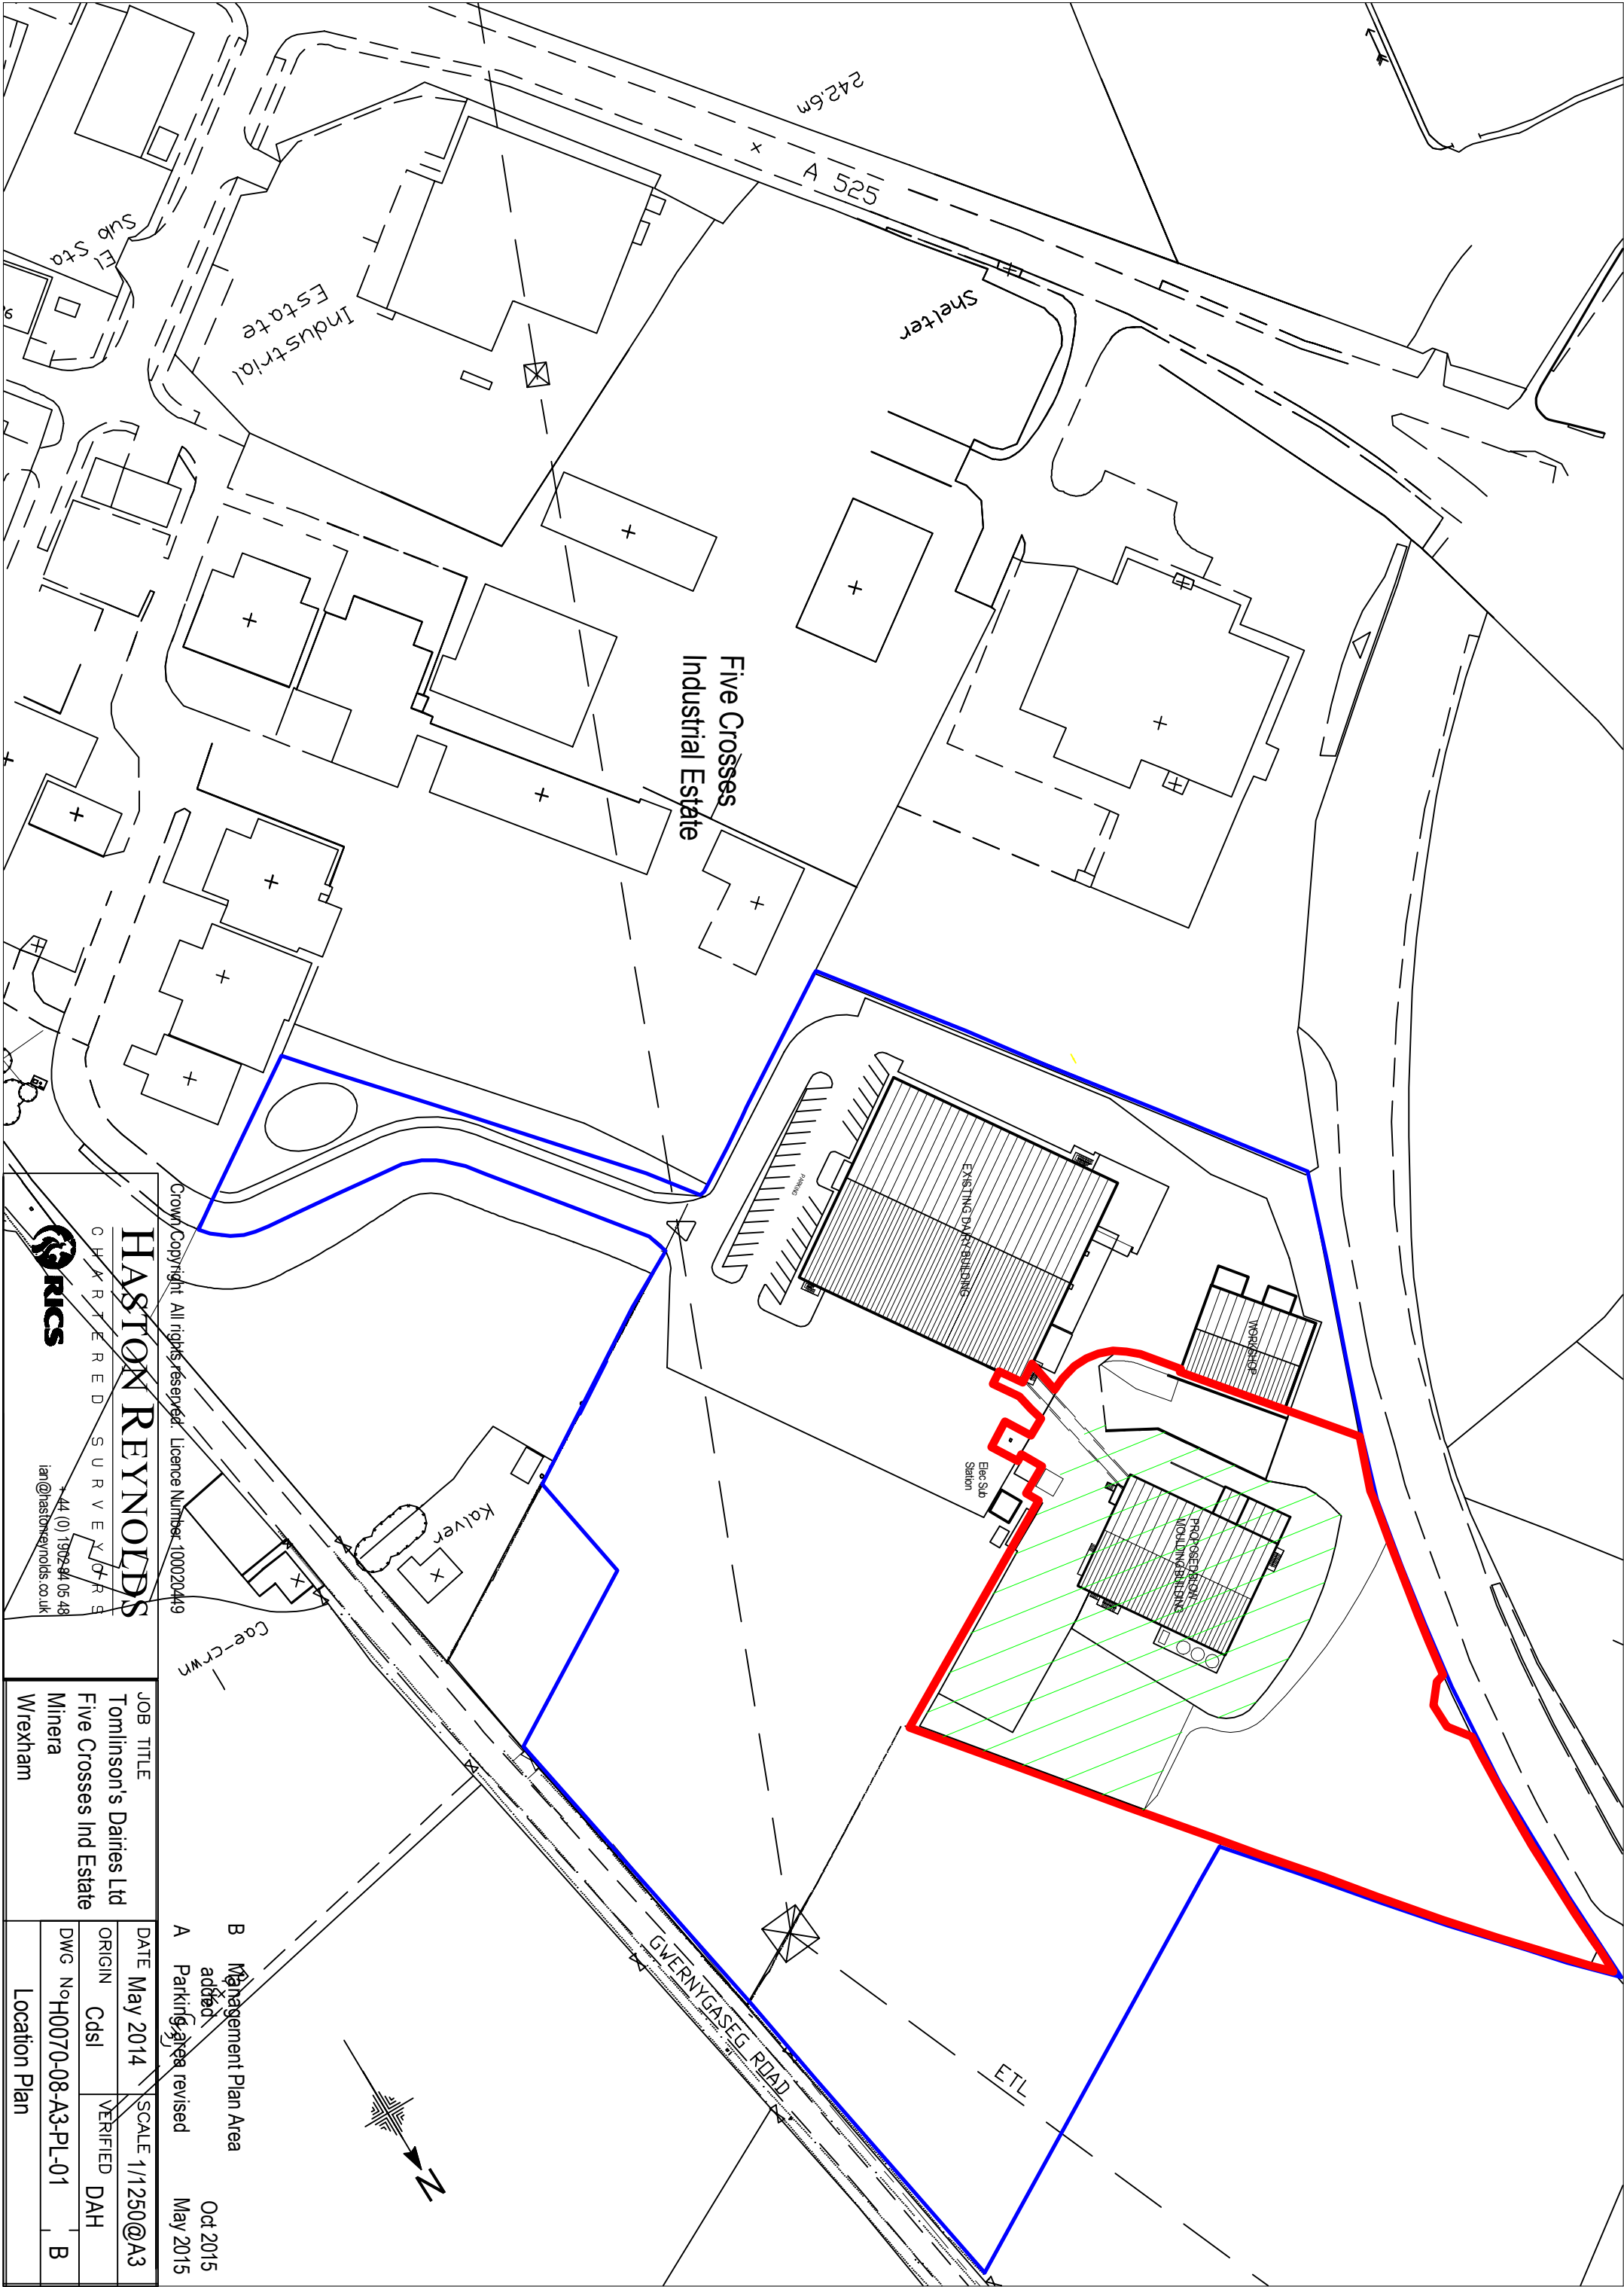

Condition 19: "There shall be no use of the development hereby permitted until a site management scheme to regulate the operational activities on the application site has been submitted to and approved, in writing, by the Local Planning Authority. The on-site operations shall be carried out in strict accordance with such details as approved, unless otherwise agreed, in writing, by the Local Planning Authority."

Area to which Management Plan Relates

Refer to Green Hatched Area on Plan attached.

Outdoor Working Practices for the hours outside 7:30 and 18:00 Monday to Friday, and 08:00 to 14:00 on a Saturday

Potential Source of Noise	Working Practice Criteria
BLOW MOULDING BLDG	
HGV manoeuvring	When unavoidable or in the event of an emergency but ordinarily within permitted working hours
HGV engine running	When unavoidable or in the event of an emergency but ordinarily within permitted working hours
HGV vehicle load / unload	To be within permitted working hours only
Personnel noise generally	At induction and on-going training routines, personnel to be educated on the importance of noise reduction outside of permitted working hours
Fork lift truck operation	At induction and on-going training routines, personnel to be educated on the importance of noise reduction outside of permitted working hours
Silo Filling	To be within permitted working hours only
