Matthew

I have reviewed the report referred to below and can confirm that it is satisfactory in partially complying with Condition 10. As stated on page iii in the Explanatory Note, a second version is to be issued in due course and provided this is satisfactory too then at that time I would recommend Condition 10 is fully discharged. In the meantime I can confirm that I have no outstanding concerns with regard to the area/works that this report covers

Hi Angela

The link below is to our Verification Report. It will be submitted formally via planning but I thought that an advance copy might be helpful.

It's a very large report because of the appendices but it stands as a comprehensive record of what has been done.

Also, there is some repetition of content in the appendices but it does make each section stand-alone and thereby easier to navigate.

Regards

Eric
