Dear Philip,

In response;

- One goats head has been located and we intend to use this as a mould to create 4.
- The bracket/ armature design cannot be confirmed until we can arrange safe access to the top of the column, which is likely to be in the summer.
- Ok to access the column in due course and take photographic record.

We would like to get the reinstatement of the urn commenced so that it can be installed this summer so I would appreciate confirmation you are content with our approach ASAP.

Regards

Michael
