Hello

Ref: Land west of and adjacent to The Bungalow Old Park Road Halton Chirk Wrexham

After trying several times to find this application on line have failed to do so. I understand that comments about the above can be made to this e mail address. Once again we would like to object to the erection of Traveller pitches and communal utility day room at the above address. We originally complained about the access to the site and to the speed at which people travel on this stretch of road and we understand that the access is going to be resolved from the Council's point of view but the entrance will now be nearer to the Council depot entrance directly opposite. The Car Boot Sale is held in the Field directly opposite the site and causes complete mayhem all summer long. We do not need any more traffic on this road. All vehicles on a Sunday are at a standstill along part of this road and the road leading to the By-Pass. It is virtually impossible to get from A-B for most parts of the day.

However apart from this worry we do not think it appropriate to build a site for these travellers in a rural area when in the past when travellers have parked illegally at McDonalds and on the Car Boot Field they posed a health risk allowing dogs to excrete on the land and allowing litter to be constantly left everywhere. Although a lot of local people from this Hamlet of Halton did not report theft several sheds were broken into and oil was taken from several domestic tanks during their time there. Residents did not report a lot of these incidents because it could not be proven at the time.

It is bad enough having a McDonalds on the doorstep because of all the rubbish so we certainly don't want any more! We feel this site would prevent all of us in the community from selling our houses if this was allowed to go ahead. We cannot even understand why this site is even being considered by the planners. Of course this proposal would impact on the landscape and would be totally out of character within the surrounding area. We strongly object to any site going there.

Griff and Pat Jones - Residents from Halton
