For the Attention Of: Philip Forster

Good Morning

Thank you for consulting NRW on the above proposal. The documentation submitted in support of the application includes an Ammonia Report. We are required to carry out a technical appraisal of the Report in order to determine any impact on Protected Sites. Unfortunately, this assessment may mean that the deadline for our response will not be achieved.

Please would you consider allowing an extension of the time for submission of our detailed response to 1st March 2017?

Thank you

Meryl
