Re planning reference P 2015 0252.

It is hard for me to believe that anyone from the planning department has visited this site with a view to having more traffic and people trying to park in the area. As things stand a serious accident seems like a foregone conclusion. I have included photos taken on a fairly typical day of the situation facing pedestrians and motorists on that stretch of ruabon road. With lorries and vans delivering to the polish shop on the corner of ruabon road and wellington road as well as all the other vans delivering to local business it seems like insanity to give permission to yet another takeaway that will certainly make matters worse. I imagine that people will think I object to this takeaway as it may detract from my own business but the truth is I have a very loyal customer base and am not concerned with healthy competition, I am concerned that my own children and those of customers regularly have to walk into the road to get past pallets and deliveries left on the footpaths in this area. I have made my feelings on this subject known to representatives from the council and unless someone intends to somehow make the area safer for pedestrians I will continue to object. I am a resident of the area and have been for nearly 30 years and my objection is based on that fact and no other.

Yours Mr E Haftavani.
