Good afternoon Kevin,

We would maintain that it is still very difficult to gain a full understanding of the impact of the proposed works based on the quality of information submitted however, we are content to retract the objection based on the recent comments and justification of the local conservation officer who is more familiar with the site.

Kind regards,
Elgan

See attached comments made by Lorna Goring Council Conservation Officer and the justification for the works. Could you confirm if it is still your attention to sustain an objection.
Thanks Kevin
