

Choose from the UK's most popular range of bricks because:

- All our brick factories are rated 'very good' under BS5 6801, the standard for Responsible Sourcing and have ISO 14001, the Environmental Management System, and ISO 9001, the Quality Management System.
- We make a wide range of bricks in the country.
- Nationwide coverage, from the north to the south, means you can always deliver bricks to a site.
- Our bricks are made from natural clay and are 100% recyclable.
