Date: 20 December 2016 10:50:38

Ref H6955/A/16/3161155 P/2016/0225

Use of land for 2 No Gypsy /Traveller pitch and erection of Ancillary Utility/Traveller Pitch

I am writing to strongly object to the planning application for the following reasons:

1. **Safety :** The proposed site entrance/exit is at the bottom of a hill on a busy route into the village of Rhos. This already has a history of minor road traffic accidents. This road is also one of three from this village and has no pavement. The route is a popular one for pedestrians and cyclists as it is the access road that is used for all the Johnstown students attending Ysgol y Grango Secondary school. The proposed location is also at the bottom of a blind spot in the road. The road is used by the public bus service as well as heavy Goods vehicles. It's only a matter of time before a serious accident occurs and this planning proposal only heightens this potential.
2. **Office Dyke :** This area is designated a World Heritage Site. This area for obvious reasons needs to be preserved and approving this application would cause irreparable damage to this historic site. I'm sure, with many others, that CADW are strongly objecting to this proposal also.
3. **Environmental Impact :** Effect on natural habitat, watercourses, and damaging the visual impact of the surrounding area etc. This affected area also carries a risk of flooding and historically this has been shown to be the case.

I'm totally shocked that this application is still ongoing after two rejections so far.
