Dear Mr Hughes,

**VARIATION OF CONDITION NOS 1 AND 10 OF PLANNING PERMISSION P/2007/0324 TO
ALLOW FOR A ONE YEAR EXTENSION TO THE OPERATIONAL LIFE OF THE LANDFILL
FACILITY FOLLOWED BY A 12 MONTHS PERIOD FOR SITE RESTORATION
PENYBONT LANDFILL SITE, PENYBONT, PENTRE, CHIRK, LL14 5AR**

Thank you for consulting us on the above planning application, which we received on the 5th October 2015.

We have no objection to the application, but have the following comments:

Due to the reduced waste inputs over recent years, the landfill has not reached the landform initially expected / proposed as part of the permit / planning application. If waste acceptance ceases now this may result in capped areas (on the upper active tipping areas) achieving shallow slope angles which may in turn pose challenges for effective surface water drainage, landfill gas collection and unwanted ponding of surface water (this may be exacerbated due to the potential for uneven settlement of waste).

From this perspective the continuation of landfilling operations would be beneficial to allow the final landform to achieve appropriate slope angles.

Given the proximity of the proposal to a Special Area of Conservation, we remind you of your duty to carry out a Habitats Regulations Assessment.

Yn gywir / Yours' faithfully,

Mr. GARETH THOMAS
