Subject: P/2015/0777 Land to the west and north of Borrass Hall, Borrass Hall Lane, Borrass

Dear Philip

Thank you for the consultation on this application.

We note the content of the archaeological assessment report accompanying the application and it is clear that there will be no archaeological impacts arising from the construction of this solar farm. This is largely due to the fact that the solar farm will be built on land previously disturbed by extensive quarry extraction for sand and gravel.

We would therefore have no additional comments on this application.

Kind regards

Mark Walters
