Dear Richard

LAND AT GLAN GORS, ENVIRONMENTAL VERIFICATION PLAN

Thank you for your email dated 7 August 2015 providing the verification report for the site.

The information is acceptable to date and I am able to approve the remediation works for the site on receipt of the following information as stated to be provided within the report:

1. Keepmoat Trial Pit Depth Check – Phase 2 Visual Inspection.
2. Location Plans for Subsoil Test Results
3. Gas monitoring results for a period of 6 months after the completion of the works.

Please note CBR testing is not within our remit and has not been reviewed within the report.

We aim to provide our service fairly and we monitor our services to check we are meeting this standard. To help us do this I would be grateful if you would visit the following link <http://www.surveymonkey.com/s/ppequalitymonitoring> and complete the equality questionnaire, which will only take about 2 minutes of your time. Note that this questionnaire is anonymous.

Yours sincerely

Mrs Helen Bradshawe
