Hi Matthew

Trust you are well, I'm not sure who we should be notifying regarding this activity so apologies if you are not the correct recipient.

Further to the planning approval and in accordance with our Construction Management Plan we are required to advise (48 hours before) that we will be undertaking out of hours working on 4th June 2015.

We have a 600CuM concrete pour planned which will take approximately 13 hours. We intend to utilise the rear access to the site off Spectrum Way for these deliveries to minimise disruption to the residents along Bridge Road/South. The works is being undertaken on Building 108b (middle Houseblock) at the rear of the project well away from the local housing estate and therefore we do not foresee any disruption to locally.

The vehicles for this pour will start arriving on site at 6am (concrete pump) during which time the team will be making the final preparations. The commencement of these works is planned for 7am. Concrete deliveries will be arriving throughout the day (90 vehicles planned).

At present we estimate this work to be completed between 6/7pm

We have notified Calypso and will advise the Steve Nott Secretary of the Local Parish Council separately.

FYI, This activity will occur on two further occasions and we will again advise the authority in advance of these events.

Trust this meets with your approval.

Regards
