Dear Phil,

Further to your email of 02 June regarding Planning Condition 8 of Planning Code P/2010/0148, I write to confirm that we have instructed Alistair Henderson of Tree Solutions Ltd to undertake all necessary Arboricultural Site Supervision on site. He has been instructed to oversee all proposed works within and adjacent to the designated root protection area of all trees and also attend site to inspect and agree all tree protection measures to ensure that they are in accordance with the submitted and approved Arboricultural method Statement Ref: 10/AMS/P2/WXM/43 (Rev A).

Upon completion of his visits he will submit photographic evidence and a signed site supervision form to you and the tree officer by email.

I would be grateful to receive confirmation from you that this is satisfactory and allows us to commence works.

Regards

Steve Griffin
