To Planning

The customer listed above has contacted us regarding submitting a comment about a certain application, they were advised it was better to do it online but preferred to pass on their comments to us over the phone, please see details below -

Application number : **P/2014/0241**

The customer is objecting to the application.

Details of customers comments -

Houses will not be in keeping with the style of houses that are already being built, Also the access is supposed to be through the village on a narrow access for the amount of traffic.

The access will be a 100 or more cars coming through estate, which the customer is concerned about the safety of the children as there is a school nearby

Concerned because the school and local GP is already full and thinks the new estate will increase the population of the area and make it even more difficult to get an appointment or a placement in either of these
