YOUR COMMENTS ON THE CASE

Please provide your representation below.

The Surrounding road network is not suitable for HGV vehicles. and I am of mind that the junction of the entrance to the site is very dangerous and is close to a sharp bend (From Rhos side) and HGV's entering and egressing the site will be an accident waiting to happen therefore object on Road Safety grounds. I would also like to challenge that correct visibility splays at the entrance can be achieved.
