Dear Sir

Planning Application: P/2014/0241 – Land Off Pont Adam, Ruabon

The school was interested to learn about the proposed Planning Application recently. Whilst additional accommodation in the Ruabon area is welcomed, we are keen to understand the implications for the safety of our students, many of whom walk to and from school along the local roads highlighted in the planning documents.

In particular, the main road B5097 between Penycae and Ruabon village suffers from a lack of footpaths and passing spaces which makes pedestrians, students and vehicles a difficult combination.

The school would welcome a full review of footpaths, crossing points and general road safety to ensure the students are not further endangered given the 17% increase in traffic that this development will bring.

Yours faithfully

Alun Harding
Headteacher
